

Dear Carol:

I am writing this letter to give a big "THANK YOU".

Jeff and I were first time home buyers and didn't know where to start until we met you and you put us on the right track. This whole process of where to start, how to start and what to do along the way was simple easy because we had you to guide us through it every step of the way.

We both appreciate all the hard work and time you put into to helping us find our first home together and making it a very happy time for us. When I first started looking into everything before meeting you "I thought what am I getting myself into here", after we spoke and started you were always there day and night no matter what time we needed you.

The hard work and dedication you gave everyday has brought us to our happy little home. No words can truly express how grateful we are and not only with all that you have and had done for us, but gaining a friendship in the end!!!!

Thank you so much

Julie & Jeff
